

LOGI BOLT

USB Receiver

CONNECT SAFE, SURE AND SECURE

The Logi Bolt USB receiver gives you a secure, high-performance wireless connection between your Logi Bolt wireless mouse, keyboard or combo and your computer. Have it handy in case you need to replace the receiver that came with your Logi Bolt wireless device. Get a strong, long, no drop-off connection even in congested wireless environments. You can connect up to 6 Logi Bolt wireless keyboards and mice to one computer³ with a single Logi Bolt plug-and-play receiver – and forget the hassle of multiple USB receivers.

FEATURES

- Secure full-encryption wireless connection
- Strong connection up to 10 meters (33 ft)¹
- Small, discrete design — keep plugged into your laptop for an always-ready connection
- Easy device pairing³
- One receiver connects up to 6 Logi Bolt-compatible devices³
